Activity 05: Video Task

Subject: E-Waste Management (INFT)

Student: Shreesh Khamkar | Roll No: 24101B0026 | Class: INFT-B

Educational Multimedia Presentation and Documentary Analysis:

Overview of video investigation into informal recycling hubs and toxic fumes impact.

Key takeaways documented:

1. Documented workers dismantling cathode ray tubes and circuit boards without protective gear.
2. Demonstrated proper segregation of lithium-ion cells to avoid thermal runaway hazards.
3. Formulated public awareness clip for social media dissemination.
